

# NovaPlay

All Weather  
Surfacing for  
Playgrounds

For perfect play,  
whatever the weather.

**We believe the foundation of excellent play starts from the ground up: with safe, creative and colourful play surfacing suitable for any installation.**

Nova Sport Ltd specialises in the supply and installation of NovaPlay wetpour and rubber mulch surfacing for play areas and walkways.

Our surfaces include...

# Perfect for Playgrounds...

## Wetpour Rubber Surfacing

Our resilient rubber surfacing is:

- **SAFE AND SUSTAINABLE**
- **LOW-MAINTENANCE**
- **DURABLE**
- **GREAT FOR CREATING STUNNING VISUAL IMPACT**
- **POROUS, ALLOWING EXCELLENT DRAINAGE**
- **COMPOSED ON ONE CONTINUOUS SURFACE, MEANING NO AWKWARD JOINTS OR TRIP POINTS**

Our special formulation is a combination of graded rubber particles and polyurethane binder, which can be mixed into a design bespoke to your facility.

More importantly, our impact-absorbing wetpour surfacing is excellent for meeting the safety requirements of all types of play equipment.

## Bonded Rubber Mulch

Bonded rubber mulch playground surfacing is made from carefully selected rubber shreds to provide an attractive, versatile and almost maintenance free alternative to bark chippings.

Our bonded rubber mulch is designed to be installed without the need for specific ground preparation and can be laid over grass, stone or concrete bases.

- **NO NEED FOR FOUNDATIONS**
- **READY FOR USE IN 24 HRS**
- **NATURAL APPEARANCE FOR SENSITIVE AREAS**
- **LOW-MAINTENANCE ALTERNATIVE TO BARK CHIPPINGS**
- **CERTIFIED FOR CRITICAL FALL HEIGHTS TO BS:1177 FOR PLAYGROUND USE**

## PlayGrass

Our PlayGrass is a durable and attractive addition to any play space, combining the realistic appearance of natural grass with a robust surface that requires minimal maintenance.

Our artificial grass is suitable for use all year round as it is free draining and UV stable, meaning rainwater won't pool and the colour will not fade - **come rain or shine, play takes centre stage.**

# Great play, all year round...

We also offer bespoke maintenance packages for sports and play surfaces, including:

- **CLEANING**
- **PATCH REPAIRS**
- **SHRINKAGE REPAIRS**
- **WEAR AND TEAR REPAIRS**
- **DIY REPAIR KITS**
- **RESURFACING**

Ask for more information about our extensive maintenance options for MUGAs (Multi Use Games Areas), courts, athletics tracks and playgrounds...

**Create show-stopping play, from the ground up.**
